Column Array Speakers

DESCRIPTION

The Sti's well known C series full range high intelligibility compact column speaker array with vertical controlled directivity for medium to large size installations. It is equipped with different pieces of woofers and tweeters for the needs of installation and also thanks to its unique design you can combine different C series together without using any special tool. This particular design permits coherent sound dispersion minimizing lobing in a very compact enclosure. The wide coverage horizontal angle and the controlled vertical dispersion allow correct sound reproduction serving a wide area and assistance in limiting feedback and reverberated sound. A speech filter can be activated for enhancing the voice frequencies and improving speech intelligibility. The crossover is designed to avoid secondary lobing creation. Mounting accessories are provided and are designed to keep the column as close as possible to the wall and simplify the installation allowing suitable tilting.

Frequency Response	100Hz-20Khz
Impedance	8 Ohms
RMS	120W
Peak Power Handling	240W/5 min
Sensitivity	93dB(2.83V/m)
Maximum SPL	115dB
Woofers	Italian Faital Pro 3"x2" + 1.3" 1
Connection	2xNL 4 speakon
Size (HxWxD)	330x107.7x111.8mm
Weight	4,1 kg
